

Cybersecurity Team Recruitment  
Location: Lisbon, Portugal  
Department: Cybersecurity  
Experience Level: N/A

About the Role:

EY Portugal is embarking on an exciting journey to establish a comprehensive Cybersecurity practice from the ground up. We are seeking to recruit an entire team of cybersecurity professionals with diverse expertise to build a robust cybersecurity framework that protects our clients and their assets.

Key Responsibilities:

Develop and implement a comprehensive cybersecurity strategy tailored to client needs.

Establish cybersecurity policies, procedures, and best practices.

Conduct risk assessments and vulnerability assessments to identify potential threats.

Foster a culture of security awareness within the organization and among clients.

Collaborate with stakeholders to ensure alignment with business objectives and compliance with regulations.

Stay current with emerging cybersecurity threats and trends, adapting strategies as necessary.

Requirements:

Proven experience in building and leading cybersecurity teams.

Strong knowledge of cybersecurity frameworks and best practices.

Excellent communication and interpersonal skills.

Relevant certifications (e.g., CISSP, CISM, CEH) preferred.

Fluency in English and Portuguese required.
